A Bike Travel Media Network

The HaveFunBiking (HFB) publishing network was originally created to help Minnesota cyclists access the latest information on where to bike. Now in our 10th year of publishing that vision still holds true today featuring more and more bike/hike opportunities. Moving forward we will continue to provide the latest information on must-visit bike destinations, fun event listings, helpful tips and the latest products to explore. All featured in our blog, e-Mag (*in both the print and digital publications*) and through our many social media campaigns. Content that is interesting to both the recreational and seasoned cyclist.

Collectively, our current HFB media will rival the biggest bike consumer magazines in the year ahead. With several recent partnerships in place we will be in front of more than ten million households in the U.S.A. with the latest media vehicles below:

HaveFunBiking.com: A legacy of making bike friendly information available

HaveFunBiking's mission has been to provide the public with the best bicycle information resource since 2006. With digital technologies being incorporated alongside HFB's website we will continue to gather data so bicyclists have the most current information at their fingertips. It started with the website, blog, events calendar and an e-database of roughly 5,000 subscribers. In 2009 we ventured into publishing the *Minnesota Bike/Hike Guide*. The focus then and now is to showcase the bike friendly attributes of communities in the Midwest who have continued to work with us as loyal partners.

With digital publishing taking shape, to date over 150,000 2018 MN Guides have been circulated. This is due to our partnership with AAA Auto and several social media campaigns that has helped us expand our e-subscriber base to over 40,000 readers. This is in addition to the annual 50,000 print copies we distributed for the summer cycling season. With growing readership, trustworthy content, access to more than ten-million active households our circulation and a beefed up digital media campaign will continue to expand into 2019. Please consider becoming an advertising partner as we our media reach at HaveFunBiking.com
