Bike Route options from Country Inn & Suites in Shoreview

Using the trail paralleling Rice Creek Parkway, to the south, and then Park View Drive, to the east, it is easy to get to the miles of paved trails in the Rice Creek North Regional Trails System. This trail system, to the east, follows the Rice Creek up to its headwaters in the Rice Creek Park Preserves. From the chain of lakes here, south of Lino Lakes, both the Rice Creek and the trail corridor meanders to the west into the Mississippi River and the Mississippi River Trail (MRT). Along this trail corridor you can connect to several trail systems and parks through the Twin Cities Gateway.

Enjoy!
